

Per 49 CFR § 395.15(g), this instruction sheet is required to be kept on board and available to present during inspections.

Samsara AOBRD

The Samsara Gateway and AOBRD installed in this vehicle automatically records engine use, road speed, miles driven, date, and time. Drivers cannot edit the driving history recorded by the device.

The Samsara Driver App allows drivers to record their duty status via a smartphone or tablet. The app's DOT Inspection Mode enables officers to review hours of service logs. The Samsara Gateway and Driver App are linked wirelessly.

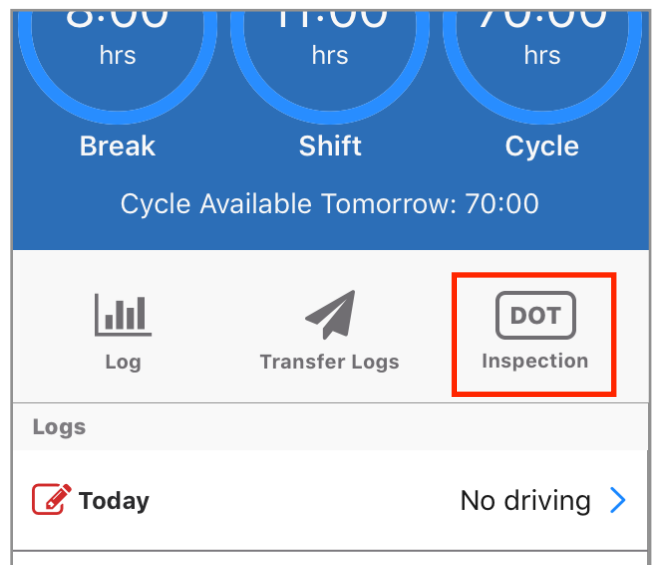

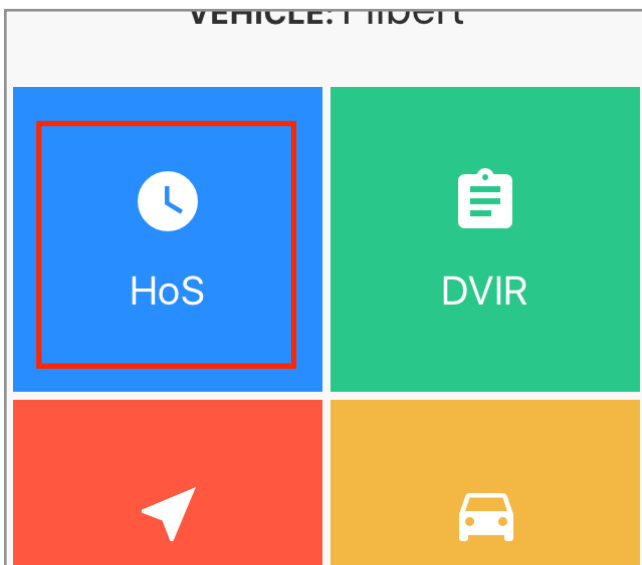

FMCSA 49 CFR § 395.15 Manufacturers Certification of Compliance

This document provided by Samsara Networks Inc. certifies that the Samsara AOBRD is compliant with the Federal Motor Carrier Safety Regulation 49 CFR § 395.15 regarding automatic on-board recording devices, and that the design of the recorder has been sufficiently tested to meet the requirements of that section. Note: Regulation 49 CFR §395.15 does not require hard copies of logs to be provided during inspection.

To inspect hours of service logs:

1. Open the Samsara Driver App and tap the **HoS** icon

2. Tap the **DOT Inspection** icon
